Please donate only “good” goods. A “good” good is clean, intact, and attractive, without chips, rips, stains, or mildew and has all parts and works. An electronic or battery powered item must work. Please test it or do not donate it. Please put clothes on hangers if possible. iPads and smart phones are accepted but not computers.

Please sort your donations by Bazaar area. See above. Culling your items for quality and sorting by area saves volunteer time and effort and gets items to the right place promptly. Labeling bags and boxes by area helps.

Curbside Assistance. Runners will be available at certain times for curbside help from your car into the building, see the [donation schedule](#) for times.

Donation forms for taxes will be at the Bazaar table in the lobby October 28–November 2, and in the office after the Bazaar.
