

# RRUUC Guidelines\* for Indoor Activities/Events

*These guidelines have been developed by the RRUUC COVID-19 Advisory Committee in order to help ensure that all RRUUC members and friends enjoy their experience and minimize their risk of infection during the planned activity/event.*

1. Organizers of indoor activities/events in the RRUUC building should follow County guidelines (check for updates prior to the activity/event <https://www.montgomerycountymd.gov/covid19/reopening/requirements/gatherings.html>).
2. No one who is ill should participate in the planned activity/event.
3. CDC face mask Information is available at: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/about-face-coverings.html>
4. As noted in the above MC guidelines, face mask use guidelines are as follows: <https://www.montgomerycountymd.gov/covid19/face-coverings.html>.

Additional Maryland Department of Health (MDH) Advisory Recommendations on Face Coverings:

- MDH strongly recommends that all non-vaccinated individuals over the age of 2 years continue to wear face coverings in all indoor settings at all times outside of their home.
5. No food or liquid refreshments are permitted within the buildings. If food or liquid refreshments are brought by individual indoor event participants for health reasons, they must be consumed outside the building.
  6. To improve ventilation in all rooms in use for indoor events/activities, windows/doors should remain open during the event/activity. The use of air purifiers, as well as fans to increase airflow, are encouraged.
  7. Bathroom facilities within the RRUUC buildings are available for use for indoor events/activities. All bathrooms will be equipped with air purifiers which will remain on during the use of the facilities.
